Next event

Op-Ex Russia & CIS

6th Operational Excellence in Oil, Gas & Petrochemicals Conference & Exhibition

20-22 november 2019, Sochi, Russia

During the 6th Operational Excellence in Oil, Gas & Petrochemicals Conference & Exhibition - Op-Ex Russia & CIS 2019 we will discuss the best approaches to achieving high level of operational excellence, and advanced methods, instruments & solutions for increasing reliability, profitability & integrity of processes, assets, etc.

Another important industry topic to be covered at the event is digitalisation – lately it has been spreading over Russia & CIS region. Leading O&G companies as well as major technology and service companies will share their expertise & success stories.

It is one of the best events in the oil refining industry with relevant topics and which is also well organised. Substantive and interesting reports. Thank you.
