

Russia & CIS BBTC 2017

12th Bottom of the Barrel
Technology Conference
& Exhibition

5 & 6 APRIL 2017, MOSCOW

ORGANISED BY
EPC
Euro Petroleum Consultants
SHARING KNOWLEDGE,
SHAPING BUSINESS

THE ONLY EVENT DEDICATED TO
RESIDUE UPGRADING IN RUSSIA & CIS

DAY ONE

Wednesday, 5 April

8:30 REGISTRATION & WELCOME COFFEE sponsored by:

9:00 OPENING REMARKS

EURO PETROLEUM CONSULTANTS (EPC)

Colin Chapman, President

WELCOME SPEECH

INSTITUTE OF PETROCHEMICALS SYNTHESIS (IPS) Salambek Khadzhiev, General Director

ExxonMobil

INDUSTRY OVERVIEW - MARKETS & PROJECTS

Chairman: Fabien Lundy, AXENS

9:05 EURO PETROLEUM CONSULTANTS

Residue Upgrading Options & Trends

Valentin Kotlomin, Director, Strategic Studies & Downstream Economics

9:25 LUKOIL

Expertise in Grassroots Facilities Operation in LUKOIL. Update on Residue Upgrading Projects

Andrey Andreev, Head of Technology Management Department, Department of Technology & Production Planning

9:45 VNIPINEFT

Major Challenges of Residue Upgrading Technologies Implementation in Russia

Vladimir Kapustin, General Director

10:05 ORGNEFTECHIM HOLDING

Project Update on Nizhnekamsk Pilot Production Hydroconversion Unit Construction Based on A.V. Topchiev Institute of Petrochemical Synthesis, Russian Academy of Science's Technologies

Valery Kouznetsov, Deputy General Director

10:25 Q & A

10:35 NETWORKING COFFEE BREAK sponsored by:

ExxonMobil

ADVANCED OPTIONS FOR RESIDUE UPGRADING

Chairwoman: Anna Gorshteyn, EXXONMOBIL

11:15 AXENS

Addressing Market Requirements with the H-Oil® Suite

Jacques Rault, Director of Middle Distillates

11:35 CRITERION CATALYSTS & TECHNOLOGIES

Feed Effects on Catalyst & Product Stability in Ebullated Bed Resid Upgrading

Wessel Ijlstra, EMEAR Technical Manager, Resid

11:55 UOP

Fiscal & Environmental Regulations Driving Incentives for Residue Upgrading in Russia

Andy Shivaram, Manager of the Heavy Oils and Hydroprocessing Group

12:15 CLG

Resid Upgrading Technologies for Implementation at Advanced Refineries

Ivan Kartashev, Business Development Manager

12:35 Q & A

12:45 LUNCH sponsored by:

Euro Petroleum Consultants

OPTIMISING FLUID CATALYTIC CRACKING FOR RESID OPERATIONS. Part 1

Chairwoman: Elena Shpinel, EURO PETROLEUM CONSULTANTS (EPC)

14:15	KBR TECHNOLOGY	Technology Innovation to Maximise FCC Unit Flexibility for Changing Gasoline & Olefins Demand Edward Griffiths, Senior Process Engineer
14:35	AXENS	FCC Revamp Application for Higher Margin Nicolas Lambert, Technology Manager
14:55	GAZPROMNEFT - OMSK REFINERY	Unique FCC Pilot Plant in Russia Sergey Guryevskikh, Production Superintendent for Microspherical Zeolite-containing Cracking Catalysts
15:15	Q & A	
15:25	NETWORKING COFFEE BREAK sponsored by:	

ExxonMobil

OPTIMISING FLUID CATALYTIC CRACKING FOR RESID OPERATIONS Part 2

Chairman: Vyacheslav Agafeev, UOP

15:50	HCpect	Cracking the Bottom of the Barrel: FCC Catalyst Technology & Case Studies Tie-Pan Shi, Global Technical Director
16:10	JOHNSON MATTHEY / PETROTEL - LUKOIL	Implementing FCC SOx Reduction with Additives Upstream of a Wet Gas Scrubber at a European Refinery Tom Ventham, Senior Technical Service Engineer / Florin Enache, Project Manager, Process Engineering Dept.
16:30	EURO PETROLEUM CONSULTANTS	SPECIAL PRESENTATION: Equipment for Residue Upgrading Complexes: Licensors' Requirements & Production Challenges Yury Urozhaev, Projects Manager
16:50	Q & A	
17:00	END of DAY 1	

Pre-Dinner Cocktail hosted by:

Euro Petroleum Consultants is pleased to invite all Rus BBTC attendees to join us at the Pre-Dinner Cocktail. A chance to slow things down after a productive and intense conference day while choosing a nice restaurant for dinner with your fellow delegates. Enjoy some refreshments and snacking on a light selection of canapés.

DAY TWO
Thursday, 6 April

8:30 MORNING COFFEE & NETWORKING sponsored by:

THERMAL PROCESSES. Part 1 Chairwoman: Ekaterina Kalinenko, EURO PETROLEUM CONSULTANTS (EPC)		
9:00	EXXONMOBIL	FLEXICOKING™- Resid Upgrading for Refinery, Power, Chemical Integration & Energy Improvement David Ayrapetyan, Licensing Manager, Refining & Gas Process
9:20	AIR LIQUIDE	Is your Refinery Ready for the Future? Residue Upgrading: Reducing Emissions by Higher Conversion Efficiency Norbert Palauschek, E&C Director Sales and Business Development Russia & CIS
9:40	KT - KINETICS TECHNOLOGY	A Clean Future for Coke Production: KT Experience in a Grass Root Project & a Revamp Option Case Study Cristina Guazzotti, Sales & Proposals Manager
10:00	AMEC FOSTER WHEELER	Feed Entry Systems for the Modern Delayed Coking Unit Steve Beeston, Vice President, Global Technology Business Development
10:20	Q & A	

10:30 NETWORKING COFFEE BREAK sponsored by:

THERMAL PROCESSES. Part 2 Chairman: Serge Popov, EURO PETROLEUM CONSULTANTS (EPC)		
11:10	DUPONT	Efficiently Reducing SO ₂ Emissions on a Smaller Plot. A Case Study of DuPont MECS® DynaWave® Technology at CPC Corporation, Taiwan Yves Herssens, Global Market Leader
11:30	VNII NP	Latest Solutions for Residue Upgrading - Heavy Residue & Coke Gasification Rinat Khuramshin, First Deputy General Director
11:50	TRIPLAN TECHNOLOGY	TRIPLAN Technology Closed Coke Slurry System. Handling Coke in an Environmental, Safe & Economical Manner Werner Vermeire, Senior Sales Manager
12:10	UFA STATE PETROLEUM TECHNOLOGICAL	Solutions of Sour Coke Sales in Russia Dr. Gennady Valyavin, Senior Research Specialist
12:20	Q & A	

12:30 LUNCH sponsored by:

HYDROTREATING OF DIFFICULT FEEDSTOCKS & CATALYST MANAGEMENT Chairman: Valentin Kotlomin, EURO PETROLEUM CONSULTANTS (EPC)		
13:50	GTC TECHNOLOGY	SPECIAL PRESENTATION: GT-SACTSM: Robust, High-conversion Heavy Oil Upgrading Rick Kolodziej, Director, Business Development
14:10	Haldor Topsoe	Haldor Topsoe Units for EURO-5 Diesel Production. Russian Oil Refinery Case Study Maria Mitina, Technical Group Manager, Refinery Department
14:30	ROSNEFT - NOVOKUIBYSHEVSK CATALYST PLANT	Prospects of Increasing Capacities for Catalysts Regeneration in Russia: Novokuibyshevsk Catalyst Plant Regeneration & Perspective Collaboration Alexey Golubev, General Director
14:50	KNT GROUP	Success & Opportunities of First Regeneration Company in the Field of Hydrotreating & Hydrocracking Catalyst Regeneration & Reactivation Anton Saraev, Head of Technical Support Department, First Regeneration Company
15:10	Q & A	
PRODUCERS' PANEL SESSION: Review of Resid Upgrading Projects & The Challenges to Implement Them		
16:00	FAREWELL DRINKS	
17:00	END of Rus BBTC 2017	

Rus BBTC 2017 was organised by:

Euro Petroleum Consultants

SHARING KNOWLEDGE,
SHAPING BUSINESS

Thank you to the sponsors for their valuable support:

ExxonMobil
